Your light is my darkness_2

MORAN?!?

Aruni you... skeptical of me ?

You should know by now that I am not a human...

Didn't you think that maybe I was working with the monster...??

Don't you think that maybe I had something to do with De-Bok's disappearance...?

.....

I thought you were gone as well

I cried so much after we find out that De-Bok never returned...

But at last... I am glad that you are still alive...!

Phew, okay, I had my rest !

Good bye. I will visit you sometimes !

Brush Brush

Ah-

It's... dangerous at this hour!

I will take you to the village at least!!

It's not like you lured us to there.

I believe that De-Bok and you did the best to fight it while we ran.

It was strange

But I felt like shedding tears after I heard what she told me.

I become

aware of my dad's cold eye.

However, I was truly concerned of her safety and

I felt like I could no longer stand the deep prolonging silence at home, so I left home again.

Because, I would be leaving for only a short while.

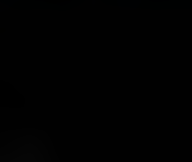
So, I believed that nothing would happen. I continued to cry so in my mind.

Quiver Quiver Quiver

UWHAAA!!!

...I am sorry, Moran...

I don't think I will be able to accompany you to the village...

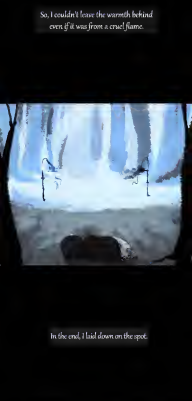


Even after she left, I had stayed there for a while.

You may laugh at me but

The warmth from the flame... It was something I longed for a long time.

So, I couldn't leave the warmth behind even if it was from a cruel flame.



In the end, I laid down on the spot.

The sky

Is a shining ray of hope for dad.

But, to me, it is a shadow too big
for me to bear.

However, I never ran away
from the intimidating shadow.

It was that I chose not to run away from it.

And so I continued
studying the art of medicine at home.

And for him to
become a star in the sky again,
I had to grow up to be a good adult.

And like that

I sank deeply into his shadow.

Why did I not even attempt to escape

I was a fool.

The time has come to...

escape from this shadow

from the suffocating shadow ever...

In order to escape from this suffocating shadow

And today

I am going to walk down this path.

And comfort my labor.

SHAKING

AH!
